

## SUMMER WORK FOR STUDENTS ENTERING HONORS MATH 3

Dear Honors Math 3 student,

Welcome to your summer work assignment for Honors Math 3. Your summer work will be completed through **Delta Math** practice assignments. Delta Math has “Video Help” so I strongly recommend you to use it whenever you need help. You and I will be able to track your progress throughout the summer. Follow the steps below to join the “Honors Math 3 Summer work” course.

To reach your assignments;

- Go to [deltamath.com](https://deltamath.com)
- Click on the student button
- Enter the teacher code **HQ8F-8K5J**
- Choose “Math-3 Summer Assignments” class
- You are in!

A few important details on the summer work:

- All the topics that are included in summer work are required study for Math-3 class. Math-3 is cumulative class of Math-1 and Math-2 classes and more. You will study much number of topics compared to Math-2 and it will prepared you to AP Precalculus and other upper level Math classes.
- During the summer you will study
  - 1- Factoring quadratics and solving quadratic equations (You did study in Math-2 but will highly use it in Math-3 too)
  - 2- Absolute Value Equations/Functions
  - 3- Piecewise Functions
  - 4- Exponential Functions (Basic Level)
- Once you’ve done these are all you will earn extra credits!:)

Please feel free to reach out to me via [yzeybek@tmsacademy.org](mailto:yzeybek@tmsacademy.org)

Have a wonderful *SUMMER!*

*Mr. Zeybek*
